### Blizzards, Wind & Ice

This is just some of the things staff have experienced trying to get to work. Some of the staff had to stay at the facility because of the weather conditions. It was perfect timing that the new lawn mower/snow blower arrived just before the worst storm so Randy was able to initiate it right away.

Again we want to thank everyone that remembered us with treats during the holiday season. Some of us are now on a mission to lose the pounds we put on over the Holidays...at least that is our excuse.

We welcome a new resident to the
